

# PE and School Sport Action Plan

## St Martin's CE Primary School 2018–2019

**Background** - The primary school sport premium investment goes direct to primary school Head Teachers and is designed to support improvements in the quality and depth of PE and school sport. In 2017/18 the amount schools receive each year has doubled.

**Key Indicators** - The Department for Education vision is that all pupils leaving primary school are physically literate and have the knowledge, skills and motivation necessary to equip them for a healthy lifestyle and lifelong participation in physical activity and sport. The objective is to achieve self-sustaining improvement in the quality of PE and sport that delivers high quality provision of a balanced and holistic PE and school sport offer. There are 5 key indicators that schools should expect to see improvement across:

1. The engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
2. The profile of PE and sport is raised across the school as a tool for whole-school improvement
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport
4. Broader experience of a range of sports and activities offered to all pupils
5. Increased participation in competitive sport

**Funding** - Individual schools will receive circa £8000-9000 per annum (depending on the number of pupils) which they can use to support these outcomes through various options including; release of staff for CPD, employing specialists to work alongside teachers, cluster work with other schools and partnerships, transport, equipment, hall and pool hire etc.

<b>Key achievements to date:</b>	<b>Areas for further improvement and baseline evidence of need:</b>
<p>The impact of the Sport's Premium money will have a lasting, long term effect and impact on St Martin's School. The use of the money to hire sports coaches and specialists has had a huge impact to date on staff confidence and capabilities to teach a variety of high quality PE across the school. We intend to continue to build on this CPD to enhance and enable all teaching staff to deliver high quality PE and a wider variety of experiences for the pupils to promote the importance of healthy lifestyles. Our aim was to use the money to fulfil the values it was given to us for and we are delighted to have it again to build on from what we have done this year and will look into a wider range of uses for the money. The children are now excited about their PE curriculum, clubs and the opportunities now available to them and so are the staff. This attitude will be the driving force in sustaining the impact long term.</p>	<ul style="list-style-type: none"> <li>● To raise the profile of PE and sport across the school through the introduction of Playground leaders and Sugar Smart leaders.</li> <li>● To improve the outside space, including playground, and storage provision to encourage more children to be active for 30 minutes a day.</li> <li>● To increase staff confidence through attendance at Continued Professional Development and conferences.</li> <li>● To develop leadership and management of PE.</li> <li>● To raise standards of PE in all sports across the whole school through the use of specialist coaches to deliver curriculum and after school provision.</li> <li>● To introduce alternative sports through the delivery of 3 alternative sports days to include lacrosse boccia and fencing.</li> <li>● To increase the number of children attending after school clubs.
